# Partridge Birdie Pattern

## MATERIALS LIST

- Felt (one 8.5" x 11" sheet per bird)
- Embroidery thread
- Large sewing needle
- Two large buttons
- Small amount of stuffing
- 6 inch piece of ribbon
- Thread

**STEP 1** Cut out two bird pieces (A) and four wing pieces (B) from a 8.5" x 11" sheet. HINT:

You can creativity fold the fabric/felt in half to cut out the bird only once and the wings twice.

**STEP 2** Sew together the two bird pieces and two each of the wing pieces (wrong side out if you are sewing fabric). Leave an inch open at the bottom and turn inside out. (A 1/4 seam allowance is included in the pattern. You can make the pattern smaller or larger and may need to adjust the seam allowance.)

**STEP 3** Stuff the bird and two wings with a small amount of stuffing. Do not over stuff! Sew together the openings. Then sew stitches along the edge of the bird and wings with the embroidery thread. Do not knot the end of the embroidery thread. Simply run two inches through the bird to start and double stitch the first and last stitches to secure.

**STEP 4** Sew on the buttons using the embroidery thread to each wing and then attach to the bird. Add a french knot for an eye or leave empty. Sew the ribbon to the insides of each bird.

Other than using these as sweet little ornaments, these make fun mobiles and year-round decorations. Try stringing a few together and hanging in a little girl's room or sewing room!
