Felicity Fabric Flower

STEP 1

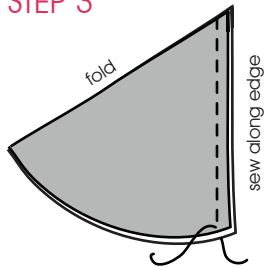

Cut out the petal pattern on a piece of fabric.

STEP 2

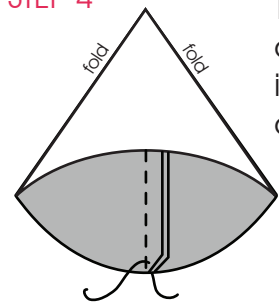

Fold the petal in half wrong side out.

STEP 3

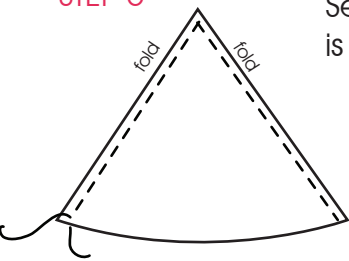

Sew the cut edge.

STEP 4

Turn the petal right-side out and then fold with the seam-line in the center back. This will create a seamless flower petal in the front.

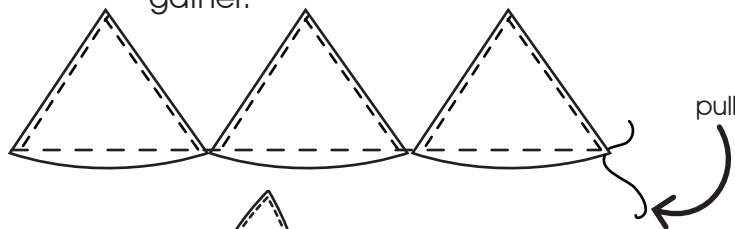

STEP 5

Sew the edges so that the petal is flat.

STEP 6

Sew several petals together with a gather-stitch and pull the thread to gather.

STEP 7 Knot gathered ends together and add a button or pinwheel in the center

small petal
pattern

Use the same size petals (photo above) or both small and large (cover).
